- Google UX Design Certificates
- Web Design for Everybody: Basics of Web Development & Coding

WORK EXPERIENCE

Mar 2023 - Present

Axons (CP Group) | UXUI designer

- Lead UX research efforts by gathering requirements directly from target users, resulting in data-driven design decisions.
- Created comprehensive user journeys and detailed personas, enhancing team understanding of user behaviors and needs, resulting in a 25% increase in user engagement, 15% fewer errors, and improved user satisfaction through usability tests.
- Translated user journeys and personas into wireframes, delivering one sprint flow for an efficient design process.

Oct 2021 - Mar 2023

CREA ASIA | Creative designer

- Researched demographics, adapted guidelines, and collaborated as a graphic designer for a multinational company in Malaysia and Singapore, specializing in impactful banner designs for diverse campaigns.
- Designed 400+ monthly banners per client's guidelines using Adobe workflow, managed workflow alignment with timelines through CRM platforms like Jira and Monday.

Jul 2021 - Aug 2021

STU/D/O Architects | Intern

- Conducted weekly research, crafted mock-up designs, and presented innovative ideas to the team and senior architects, while also designing infographics and all associated artworks for selected designs.

Jan 2021 - Mar 2021

Cloudfloor company limited | Hotel interim (Bangkok design week 2021) | Intern

- Collaborated closely with the Creative Director to establish the project's conceptual framework.
- Conduct research, analyze data, and design informative infographics for target audiences.
- Coordinated with project collaborators to pinpoint and refine design process.

PROJECT EXPERIENCE

Bacon Bae (NFT) | Illustrator | AU based

- Collaborated with the marketing team to define the project's art direction and created two weekly illustrations—one as a JPEG and another as a motion graphic—for the social media team, resulting in over 10 pieces delivered per month.

International Climate Finance Accelerator (ICFA) | Lalicorn

Motion graphic designer

- Conducted research, developed mock-up designs to establish the project's art direction, and created over 20 illustration designs in alignment with it. These designs were animated using Adobe After Effects over a span of 2 months.
